MEMORANDUM FOR: Acting Chief, Development Projects Division

THROUGH: Chief, Operations Branch, DPD

SUBJECT: Personnel for ZI Detachment

1. It is understood that no personnel requisitions have been submitted to the United States Air Force for manning of the new ZI detachment.

2. Experience has shown that from time of requisition to "sign in" date a period of three and one half months to four months is required. Therefore, it is strongly urged that immediate action be taken through personnel channels to requisition personnel, and especially those 7405th personnel who have been recommended by the 7170th Support Group, from the United States Air Force. It is also recommended that upon receipt of all nominations and PHS's, clearances be expedited in order that some Agency training for selected personnel can be effected prior to their joining this new unit.

3. It is firmly believed that unless expeditious action is taken, we will not meet our projected date of 1 September for having an operational ZI detachment.
